

## Resto[red]® 2-in-1 Intensifier Step 1

### SALES FACT SHEET

#### Line Story

Resto[red]® is a collection of red light therapy products that can be tailored to the daily skincare needs of anyone looking to improve their skin's appearance and protect it from future damage. Resto[red]® is the only light therapy treatment system that contains Pu[red]® Technology, a technology made of an award winning, patent-pending, ingredient designed to protect the skin from damaging high energy blue/violet visible light.

#### Product Story

- Contains **Pu[red]® Technology**, a patent-pending ingredient that helps filter blue-violet spectrum rays allowing the purest red light to reach your skin
- Lightweight, **Aloe Vera** based formulation designed to match the pH level of the skin while absorbing quickly without a sticky or greasy after feel
- Infused with **Vitamin C** to assist in brightening the skin for a natural glow
- Utilizes **Hyaluronic Acid** to deliver high levels of hydration while maintaining skin's natural balance
- Accelerate and build the ultimate golden color with **Vitatan®**
- Formulated to combat against ATO

#### Inspiration/Rationale

- Introduces a dual use red light bed prep lotion and UV bed intensifier into the Restored® Collection
- A collection especially formulated for red light therapy beds
