# DUAL PANEL WALLS

Sun Suites' Dual Panel Wall System is one of a kind! This system is made out of two 3/4" thick melamine panels divided by struts, creating a 4 1/2" thick box beam. This allows you to flush mount speakers and use an optional standard door. In addition, our Dual Panel Wall System can be installed in just days, instead of weeks!

## Benefits of the Dual Panel Wall System

- Never needs painting
- No fading from UV light
- Hides wiring
- Maintenance free
- Quick and easy assembly saves time and money
- Lotions and sprays wipe off easily
- Dual Panel Walls can be reconfigured to or moved to fit a new location
- Available in a wide array of colors
- Sliding doors AND standard doors are compatible with our Dual Panel Walls

# DOORS

Select the door to fit your needs. We offer pre hung doors, space saving sliding doors and laminated door to compliment your wall selection.

**PRE HUNG DOOR (MOST ECONOMICAL)**

**SPACE SAVING SLIDING DOOR**

**LAMINATED DOOR**

# RECEPTION COUNTERS

An eye catching radius reception desk with a ribbed front makes a great first impression. This customized look can be yours for a fraction of a custom-designed piece. This counter is also available in a straight design to accommodate smaller spaces

# VANITIES & ACCESSORIES

Give your customers an experience they won't forget. Choose a countertop and mirror to accentuate your space. Custom design options and multiple colors available.

Find the style that fits YOUR salon. A framed mirror with vanity shelf and hook below gives your client the space they need to hold clothing items, jewelry, and a mirror to perfect before they leave. Don't forget to ask about our room number signage and custom shelving options.

# FAQ

## **What is the warranty on modular walls?**

One (1) year limited warranty on materials, hardware, assembly and craftsmanship. Damages determined to be the result of abuse and/or neglect are not covered.

## **How much is a modular wall system?**

Modular wall systems vary greatly in price depending upon the setup and layout of the salon. The best plan of action is to take advantage of our free space planning service to get a layout for your salon and obtain an EXACT price.

## **How long does it take from the time I place an order to installation?**

It is typically 4-6 weeks from order to installation.

## **How long does installation take?**

Installation normally take 2-3 days depending on your order. If you ordered modular walls only, 2 days is typical. If you ordered walls plus a reception counter and retail display units, the install could take 3 days.

## **Who manufactures your product?**

T&R Fixtures manufacture all of our products, modular walls, reception counters, and more at their manufacturing facility in Dallas, Georgia.

## **I want to install my modular walls myself. Can I do this?**

Yes, we can ship the modular walls to you with all of the necessary hardware and instructions. Many salon owners choose to install their own walls.

## **Can your modular walls be used for other applications beside tanning salons?**

Yes! Our modular walls are great for many businesses including typical office spaces, hair salons, nail salons and more.
