

Anti-Aging Drops

This formula aids in both the prevention and reduction of the skin's aging process. This solution additive will tighten wrinkles on the skin, giving a beautiful, refreshing, younger look.

Selling point

- ✓ Adds customization to the client's tan making a great addition for who want to diminish the appearance of any aging-skin imperfection
- ✓ May be mixed with deionized water and applied to the skin when a bit of anti-aging is needed without the spray tan
- ✓ Pair with the Tan Extend Lotion for prolonged anti-aging results. The Tan Extend lotion contains similar ingredients which will provide the anti-aging benefits even longer

How to use

- Add two droppers full to every ounce of solution prior to application
- Results are temporary, anti-aging benefits will wash away within the first showers. It is best to pair with the Tan Extend lotion or apply regularly for longer lasting results

Ingredient benefits

Pisum Sativum (pea extract) – Active ingredients which helps protect against deterioration of skin proteins, which is the skin's natural aging process.

Niacinamide - A very effective skin-restoring ingredient that offers multiple anti-aging benefits such as improving appearance of large pores, uneven skin tone, fine lines and dullness

Glycerin - A natural humectant that draws in moisture from the air to penetrate the skin for a deeper hydration of the outermost layer of the skin

Ingredients: Deionized Water, Aloe Vera Leaf Extract, Ethoxdiglycol, Glycerine, Lecithin, Inositol, Niacinamide, Butylene Glycol, Bambusa Vulgaris Extract, Pisum Sativum (Pea) Extract, Glucosamine HCL, Capryl Glycol, Phenoxyethanol, Potassium Sorbate.
