300x High Potency Bronzing

Extraordinary desires require extraordinary measures. Nothing about this lotion is normal, as we push the boundaries of lush hemp and ultra dark bronzing into almost forbidden territory. The result is a rich color and radiant skin so exceptional, you will never go back to ordinary.

- 300X High Potency Bronzing takes your tan to the next level for “island-worthy” dark color
- A Total Hemp Complex infuses mind-bending amounts of pure hemp seed oil for elevated skin conditioning
- A rich peptide & silicone blend combine for a radiance & softness so addicting it should be illegal
