PRODUCT STORY—*Australian Gold Collection*

Unique formulation of CBD oils at different mg offerings allows for consumers to pick and choose their mg amount. Derived from US Grown Industrial Hemp in Colorado using organic practices allows for the purest CBD Isolate. Blended with Coconut Oil and Natural Orange Flavoring for ease of dosage and no unnecessary additives.

SKINCARE TECHNOLOGY

Cannabidiol: Contains 150/300/500mg of CBD Isolate.

Derived from US Grown Industrial Hemp: Grown in Colorado using Organic practices with ideal pH balance of soil, moderate climate and annual rainfall conditions that allows the plants to grow organically and without harsh chemicals.

Coconut Oil: High content of Medium-Chain Triglycerides (MCTs) and antioxidants that allow for easy dosage of oil.

Natural Orange Flavoring: Essential oil of the orange to allow for flavoring oil without any additives.

THC-Drug Free*: Special formulation, including a secondary process, of CBD Isolate allows for NO detectable level of THC in the isolate or oil formulation.

Recommended Usage: Fill 1ml and put contents under tongue. Hold for 15 seconds and swallow. Take 1 to 2 mL dropper daily.

AVAILABLE SIZES

1oz Container with Dropper
