PRODUCT STORY—Hemp Nation Collection

Relax and unwind with **Hemp Nation® Eucalyptus & White Tea**. Soothing Eucalyptus is steeped with antioxidant-rich White Tea to help draw in moisture and nourish for a glowing complexion. Skin Barrier Repair helps protect and shield skin from environmental stressors, while replenishing moisture loss for improved skin texture and clarity. Luxurious Hydrating Complex replenishes dry skin, while advanced Age Defying Blend works to guard against the signs of aging and provides a natural radiance. Use daily to secure your passport to the world of **Hemp Nation®**!

SKINCARE TECHNOLOGY

Eucalyptus & White Tea: Eucalyptus Extract is a rich source of powerful antioxidant properties that help to protect skin from environmental stressors and free radicals. It is also known to help increase the level of ceramide in the skin helping to improve the water holding and barrier function of the skin. White Tea Extract adds another layer of antioxidant power and protection from free radicals for a vibrant, youthful complexion.

Skin Barrier Repair: Unique ingredient that is comprised of sphingolipids, triglycerides and sterols that mimic the structure of the skin's membrane and help to increase its water-holding capacity. This improves the barrier integrity while reducing trans-epidermal water loss for longer-lasting hydration, while helping with the overall improvement of skin texture and appearance, reduced flakiness, and improved skin clarity.

Hydrating Complex: Pure Hemp Seed Oil is blended with Moisture Melt and Silicone to allow for easy spreadability and fast absorption, while helping to strengthen skin and help to prevent water loss by forming a hydrating barrier to the skin for longer lasting moisturization.

HydraRich™ Blend: Powerful combination of Jojoba, Shea Butter, and Glycerin that all have excellent conditioning properties that also protect and attract water to the skin to keep it hydrated longer.

Age Defying Blend: Super fusion of Vitamin A, that protects against external aggressors; Vitamin B3, this is known to balance uneven skin tone; Vitamin E, that helps protect skin from harmful environmental pollutants; and Soft Focus Microspheres that are small particles that impart a silky texture to the lotion and provide skin blurring effects that help to diminish the appearance of fine lines and wrinkles.
