### SKINCARE TECHNOLOGY

**Aloe & Ocean Water:** This unique Ocean Water containing high levels of Manganese and Silicon helps improve the circulation of water in the skin to prevent trans-epidermal water loss to retain hydration. Our industry exclusive ActiveAloe® contains over 200 amino acids, vitamins, antioxidants, minerals and enzymes. This high concentrated Aloe Vera helps to soothe, soften and moisturize your skin.

**DermaDark® Bronzer:** Natural color enhancer that provides quick, streak-free color; also builds color gradually with daily use even without UV exposure.

**NeverFade™ Tattoo Protection:** Proprietary ingredients helping hydrate and moisturize for vibrant ink.

**Hydrating Complex:** Pure Hemp Seed Oil is blended with Moisture Melt and Silicone to allow for easy spreadability and fast absorption, while helping to strengthen skin and prevent water loss by forming a hydrating barrier to the skin for longer lasting moisturization.

**HydraRich™ Blend:** Ultimate moisturizing blend that works to hydrate and lock in moisture to the skin.

**Age Defying Blend:** Super fusion of Vitamins A, B3 and E aid in protecting against external aggressors, assists in balancing uneven skin tone and help to protect skin from harmful environmental pollutants. Soft Focus Microspheres are small particles that impart a silky texture to the lotion and provide skin blurring effects that help diminish the appearance of fine lines and wrinkles.
