This Advanced Ultra Dark Natural & DermaDark® Bronzer delivers immediate unbelievably dark color, while also helping develop color for extended color results. Intoxicating Coconut Trio lavishes skin with moisturization and electrolytes to rejuvenate your complexion for a paradise glow. Let your skin soak up this Wild Floral Fusion that harnesses the power of the Outback which nourishes and soothes for touchably, soft skin. Give tattoos a decadent gulp of hydration with **ColorGuard™ Tattoo Technology** to provide vibrancy to all your beautiful works of art! No need to pack...your passport to utopia is all set!

COLOR TECHNOLOGY

Advanced Ultra Dark Natural & DermaDark® Bronzer: Caramel, Annatto Seed, and Black Walnut Extract impart instant color to the skin, while Tyrosine helps to stimulate melanocyte activity and melanin production for a natural, golden glow. DermaDark® Bronzer continues to help boost color results after the tanning session for unbeatable results.

SKINCARE TECHNOLOGY

Wild Floral Fusion: Australian native Emu Bush and Kangaroo Paw Extracts contain phyto-active compounds which are known to have skin regenerative effects, keeping skin hydrated while providing powerful antioxidant properties that protect and nurture for improved skin appearance.

Coconut Trio: Special blend of Coconut Water, Coconut Oil, Coconut Extract, and Glycerin that condition and moisturize for soft, supple, smooth skin and a balanced, youthful complexion.

ColorGuard™ Plus Tattoo Technology: Luxurious blend of Tiger Grass and Cocoa Butter that work together to hydrate and protect for more vivacious ink.

Purrfection Finish Primer: Natural polymer and a brightening agent fill in imperfections and give the appearance of a more even and radiant complexion.

Tea Tree Oil: A pure essential oil, known to have natural odor fighting properties, which help prevent after tan odor from developing.
