### PRODUCT STORY—*Botanical SPF Collection*

The **Australian Gold® Plant Based Lotion Collection** uses the natural and effective power of plants to support healthy, glowing skin. Made with Aloe Vera and Coconut Oil, this lotion collection is packed with nutrients your skin will love! Broad Spectrum coverage offers protection from UVA rays and UVB rays, so that you can be free to celebrate life outside.

### SKINCARE TECHNOLOGY

**Plant Based:** Utilizes a concentrated form of Aloe Vera that helps soothe, soften, and moisturize.

**Coconut Oil:** This natural plant contains fatty acids that intensely hydrate the skin, while remaining gentle enough for sensitive skin.

**Full Spectrum:** Protects against UVA and UVB rays from the sun but also adds additional protection from Blue Light and Infrared Light.

**Special Formulation:** Designed to be Hypoallergenic, Vegan, Cruelty Free, Reef Friendly, and with No Added Gluten, Parabens or Dyes.

**Fragrance Free:** The face lotion is formulated fragrance free to ensure delicate facial skin is free of any possible irritants.
