LINE STORY— *California Tan® Coast®*

There is more to California than beaches and big cities. Take a journey to the coastal mountains and forests to discover pure color potential. Coast™ utilizes nature's own skincare ingredients to produce an undeniable, intense dark tan.

COLOR TECHNOLOGY

Caramel: Naturally derived Caramel delivers instant dark, bronze color to the skin.

CuO₂® and TRF™: Combination of rich ingredients that optimize dark color results.

SKINCARE TECHNOLOGY

White Birch Bark: Evens skin tone and energizes to help reduce the appearance of fine lines and wrinkles.

Protein, Ginseng, & Taurine: A special complex that provides strong, energized skin and protects against environmental stressors.

Alpine Lichen Algae: An algae that contains Usnic Acid, a Powerful antioxidant known to help soothe skin and deodorize malodor.

ATO Inhibiting Ingredients: Formulated to combat ATO.
