LINE STORY

Experience The Sexy Side of Sunless® with the Color Rich Collection. Develop flawless color with high-end ingredients for a gorgeous tan and flawless skin!

COLOR TECHNOLOGY

DHA & Erythrulose: The perfect touch of a unique combination of Eco-Cert approved DHA and Erythrulose that provides a longer-lasting tan.

Color Perfecting Complex®: A blend of seven natural colorants that enhances and darkens skin's organic color and helps conceal imperfections. Contains a powerful mixture of antioxidants that works to boost skin's youthful appearance and pairs with DHA and other natural ingredients to maximize sunless color.

SKINCARE TECHNOLOGY

Organic Botanical Blend: Contains a combination of nutrient-rich organic ingredients that help skin look and feel healthy. Organic Spinach packs high amounts of Vitamin A, Vitamin C, Vitamin K, Potassium, Magnesium, Iron, and Calcium. Organic Cranberry contains a particularly large quantity of antioxidants to help combat free radicals. Organic Blueberry provides one of the highest nutrient and vitamin contents among all berries.

Organic Aloe: Contains more than 200 biologically active amino acids, vitamins, antioxidants, minerals, enzymes, and sterols. It also has soothing and moisturizing properties.

Odor Inhibitors: Powerful odor combating ingredients that eliminate malodor at the source and replaces it with the warm, rich notes of the Coastal Sands fragrance.

Moisture Rich Blend: A combination of humectants that contain excellent moisturizing and conditioning properties to keep skin soft and supple.

Caffeine: Helps tone and energize for flawless looking skin.
