

Pop-Up Tent

California Tan Sunless®

Pop-Up Tent

The easy to assemble, lightweight Pop-Up Tent effectively captures over spray while creating a more professional spray tan experience. The tent has clear upper panels to allow light to peak through in order to achieve a better spray tan environment. Twistable closure design ensures the tent can be easily carried and conveniently stored. To clean, fill solution cup with water and attach to spray gun, spray the walls and floor, wipe off moisture with towel.
