PRODUCT STORY

Clarity, color and class all in one bottle! This precious and rare DHA facial bronzer features Lustfully Bronze, a beautiful blend that pairs Caramel with DHA for dark instant and delayed bronzing results. Bakuchiol will help keep you timeless with its anti-aging properties while Crystal Clarity ensures hydrated and flawless skin. Diamond Dust and Silicone combine to help you show off your Natural Radiance. Discover your love for Diamond Lust and say hello to your new best friend!

COLOR TECHNOLOGY

Lustfully Bronze: An exquisite blend of Caramel and DHA to deliver beautiful immediate and delayed color.

SKINCARE TECHNOLOGY

Bakuchiol: A natural alternative to retinol and has antioxidants that help combat signs of aging and aids in evening skin discoloration leading to smoother, younger looking skin.

Crystal Clarity: Formulated to support the renewal of delicate facial skin while simultaneously helping to increase the skin's hydration and fight blemishes.

Natural Radiance: An elegant blend of Diamond Dust and Silicone glide flawlessly onto the skin, supplying a breathable layer to help lock in moisture, provide a subtle glow, fill in fine lines and support your skin's natural brilliance.
