### PRODUCT STORY

Sunkissed skin and sandy toes are the perfect Paradise™ combination. Waves of Bronze will have you feeling like a tanned beauty on your own private island, supplying the skin with three different types of bronzers. Ocean Treasure allows you to immerse yourself in extravagant ingredients that drench the skin in hydration for a supple appearance, while Arophira provides anti-aging benefits for a perfect sunshine glow. Bask in the tropical bliss and Salty Sea Skincare to transform dry, dull skin into a beautiful complexion. Travel beyond the waters and dive into your dream destination. Get lost in Paradise™!

### COLOR TECHNOLOGY

**21X Waves of Bronze:** A triple bronzing system that supplies the skin with an immediate tan while DHA continues to develop over time, leaving you with a tan as if you came back from Paradise.

### SKINCARE TECHNOLOGY

**Ocean Treasure:** Explore the depths of the ocean and discover exotic luxury. Caviar, Hyaluronic Acid and Gemstones lavishly combine to improve the appearance of skin to look more hydrated, supple and healthier.

**Arophira:** An extract of a seashore plant that is known to be rich in Vitamin C and minerals. Arophira functions similarly to Retinol for anti-aging benefits while helping to improve skin brightness for a sunshine glow.

**Blue Algae Blend:** Chlorella and Turquoise, both rich in vitamins and minerals, aid in diminishing skin imperfections while aiming to boost collagen production for younger looking skin.

**Salty Sea Skincare:** Glycerin and amino acids combine to replenish the skin barrier with an abundance of hydration and transforms dull skin into a beautiful, glowing complexion.

### AVAILABLE SIZES
