PRODUCT STORY

Get the dark color you demand with this Hypoallergenic Warming Leg Bronzer. The Sultry Bronzing Blend wraps skin with a subtle warming sensation, delivers instant bronze satisfaction and produces deeper, delayed dark results. Shave Minimizers help to slow hair growth, while providing superior long-lasting hydration for soft, smooth skin. Protect & Tone Complex rejuvenates, while shielding from environmental stressors for a toned, nourished glow. Dare to bare it all!

“Flawless, sexy legs are a necessity for me...and this Warming Leg Bronzer delivers exactly what I need to be beach or red-carpet ready instantly. Now you can have those event ready legs too! Xoxo” JWOWW – Jenni Farley

COLOR TECHNOLOGY

Sultry Bronzing Blend: Caramel helps impart an immediate color to the skin, while Black Walnut Shell works to develop golden, natural results. A high dose of DHA ensures darker, developed color results continue to build even hours after your session. A unique Warming technology helps increase blood flow (without irritation or tingling) to the skin which allows for instantly darker bronze results.

SKINCARE TECHNOLOGY

Shave Minimizer Blend: Decadent combination of moisturizing agents, including Shea Butter, and a unique botanical that helps to slow hair growth and minimize the appearance of hair follicles, while hydrating and smoothing for touchably, soft legs.

Protect & Tone Complex: Caffeine helps provide a boost of toning for a more youthful and energized appearance, while Stevia helps tone and calm for enhanced skin rejuvenation and Green Tea delivers high amounts of antioxidants to help prevent free radical damage for a beautiful glow.

Hypoallergenic: Additional testing conducted to ensure no irritation; utilizes a Hypoallergenic fragrance that is free of allergens that can be bothersome for sensitive skin.

AVAILABLE SIZES

5oz Tube

ADDITIONAL INFORMATION

Designed for hard to tan legs, this bronzer is specially formulated to ensure the darkest color results possible, while helping to ensure more time in between shaving.
