

UNIVERSAL BLENDING CREAM

Keep color where it's intended to be. This high quality, intense moisturizer allows for the ideal color blend around areas that tend to over tan. Cuticles, knees, elbows, hands, feet and other areas no longer have to look unnatural.

Available sizes: 34 fl oz / 33.8 fl oz Dispenser Refill / 33.8 fl oz Dispenser + 1 Refill
 Norvell Item No: 402505/PBBC40/PBBDWC1
 Fragrance free

Paraben Free · Gluten Free · Non-Comedogenic · Cruelty Free · Sulfate Free · 100% Vegan · Nut Allergy Free

HOW TO USE

To minimize DHA absorption: before your tanning session, apply a light amount of blend cream to minimize DHA absorption and create less color on the applied areas. Using a single application, massage cream into the surface of your skin until completely absorbed.

To completely block DHA absorption: before your tanning session, apply a generous amount of Blending cream to block DHA absorption and prevent color. Using multiple applications, massage cream into a specific area until it leaves a light, tacky film on the surface of your skin.

PRODUCT INGREDIENTS: Aqua (Water/Eau), Stearic Acid, Glycol Stearate SE, Isopropyl Palmitate, Glyceryl Stearate SE, Theobroma Cacao (Cocoa) Seed Butter, Ascorbic Acid (Vit C), Tocopheryl Acetate (Vit E), Beta Vulgaris (Beet) Root Extract, Solanum Lycopersicum (Tomato) Fruit Extract, Aloe Barbadensis Leaf Juice, Glycerin, Hydrogenated Vegetable Oil, Polysorbate 80, Phenoxyethanol, Caprylyl Glycol, Potassium Sorbate, Hexylene Glycol
