

SELFIE® Glow Sunless

Night Tan

The Tan Of Your Dreams Soothing Lavender & Chamomile
Transfer Resistant Doesn't Stain Sheets Overnight
Sunless Bronzing Lotion

Natural Colorless DHA

This colorless formula develops over time for a mess free, transfer resistant bronze result

Transfer Resistant Formula

The DHA works while you sleep so you won't stain your sheets, and wake up with flawless bronzed results

Sunflower Extracts

High in Vitamin E that aids in protecting collagen and elastin content.

Vitamins A, E & C

High in moisturizing and healing benefits that help seal in color, so your tan lasts much longer.

Green Tea

A potent anti-aging ingredient that combats signs of aging and contains anti-inflammatory properties that reduce redness and skin irritations.

Kola Nut Seed Oil

High in antioxidants and skin softening agents known to hydrate and fight against free radical damage in the skin

Argan Oil

Intensely hydrates dry and damaged skin while helping to improve skins elasticity

Chamomile

An anti-inflammatory and antioxidant property that can help soothe the skin, while reducing redness and blemishes

Lavender Oil

Helps to soothe and calm the skin while providing anti-aging benefits

Selfie Night Tan™ is redefining the term Beauty Sleep! – Apply this revolutionary nighttime transfer resistant bronzer before bed and wake up to perfectly developed beach bronze results by morning. This salon quality formula is packed with a rich blend of skin hydrators, Vitamins A & C, Green Tea Extracts and Kola to tone, tighten and prolong your self-tanning results. Selfie Night Tan™'s luxurious transfer-resistant formula I will do all the work while you get your well-deserved beauty rest. With Selfie's Night Tan™ – Your sweet dreams just got sweeter!
