Coconut Water

A natural skin balancer that cleanses and hydrates the skin without adding excess oil.

Melactiva

A Melanin Stimulator that allows you to develop natural dark, bronze results.

Electrolyte Blend

Utilizes Coconut Water, Sodium PCA, Orange, Almond, and Banana extracts to improve skin's moisture barrier and strength, calm redness, protect against environmental dehydration, and work as a vital component in maintaining hydration levels in the skin.

Rich Plum Extract

Helps to reduce fine lines and wrinkles, plump the skin, and improve skin elasticity.

pH Balancers

Optimize the skin's pH levels for longer lasting, darker, and more even sunless tan.

Watermelon Extract

Provides 24-hour hydration, while improving the skin tone and deeply improving the appearance of fine lines, wrinkles, and dry spots of the skin.

Selfie's Pre-Tan Primer is formulated to prepare your skin to absorb the perfect Selfie Sunless Tan by balancing pH levels, hydrating, and cleansing the skin for optimal dark tan absorption. This Coconut Water and Electrolyte formula will deeply nourish the skin allowing for deeper, darker, and longer lasting Selfie Sunless results while also allowing for perfectly even coverage every session!
