

Pineapple Scent Drops

Enhance your clients tan with a pre-blended scent. Pineapple will provide an amazing smell to all your sunless spray tanning sessions. You will feel like you are sitting in the tropics somewhere, relaxing under the sun!

Selling point

- ✓ Provide more options to customize a sunless tan to fit the clients wants and needs
- ✓ Add for clients who prefer an enjoyable tropic scent over the sunless solution scent
- ✓ Ideal for those clients who will be on-the-go, post sunless treatment

How to use

- Add and mix any of the scent drops to your solution prior to applying to the client
- Add as little or as much scent drops as you want to your sunless solution, its best to ask the client how much scent they prefer before applying

Ingredient benefits

Fragrance - provides a spa-like, invigorating scent to optimize the sunless tanning session

Ingredients: Water, Fragrance
