

Icon Reserve Dark Depth

This solution is an ideal base for fitness contests or competition shows or for clients with natural color, wanting to achieve a deeper and richer color or even complexion.

How to use

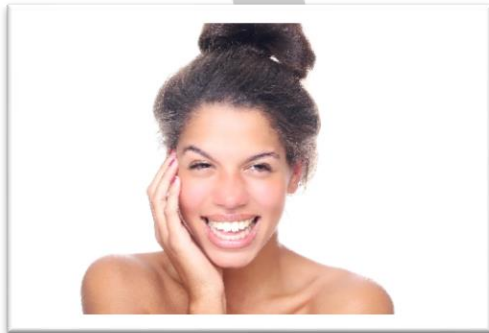

- Use on darker complexions that already have a lot of base color.
- Best used as a buildup/day before competition spray to create a beautiful base tan for your competition

Shower Time: 6-8 hours after application
Tan Longevity: 7-12 days with proper care

Recommended skin type for this solution

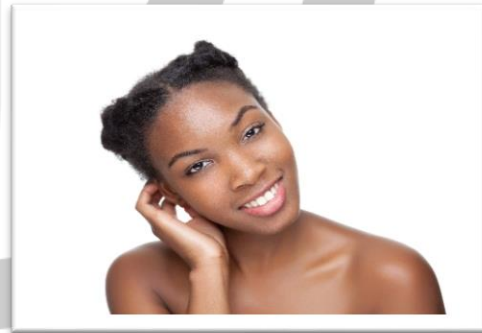

General Characteristics Skin Type 5

- Middle eastern complexion
- Dark eyes and dark brown/black hair
- Rarely sun sensitive
- May never burn, tans easily

General Characteristics Skin Type 6

- Black complexion
- Dark eyes and dark brown/black hair
- Rarely sun sensitive
- May never burn, tans easily

When using Dark Depth as an everyday color rather than a competition base color, be sure the client is already naturally darker in complexion. Using this solution on a client with a lighter complexion could pull a very unnatural color and the fade will not be favorable.
