

#86374 Fiji Express Tan Solution Liter

Scent: Unscented

Description: Fiji Express 2 Hour Tan has 14% DHA and the same fabulous color as our other solutions, but with the convenience of showering in 2-3 hours. Ideal for all skin types. Paraben Free, Gluten Free, Cruelty Free, Vegan.

*Note: It is imperative that the client is aware that it still takes a minimum of 8 hours for development, i.e. if they shower in 2 hours, full color won't develop until 6 hours later.

Directions: Apply 1-2oz (50mL) approximately 5" away from the skin with any HVLP or airbrush equipment. Shower in 2 hours for a light color, or four hours for a darker color. Takes 8 hours from application for full development. Note: For clients with lighter skin tones, we ask that they shower in 2-3 hours or undesired results (orange color/blotchy fading) may occur. For clients with darker skin tones, we recommend waiting 4 hours before showering.

Ingredients: Water, Dihydroxyacetone (DHA), Alcohol, Hammamelis Virginiana (Witch Hazel) Water Alcohol, Dimethyl Isosorbide, Caramel, Propanediol, Glycerin Cocos Nucifera (Coconut) Fruit Extract, Hibiscus Rosa Sinensis Extract, Ascorbic Acid (Vit.
