Advanced Home Whitening Kit

Sensitivity Free, Enamel Safe Teeth Whitening guaranteed to brighten your smile 2-8 shades!

DESCRIPTION:

Watch as your stunning smile becomes instantly brighter from the comfort of your home. The Advanced Home Whitening Kit provides visible results in just 20 minutes. Stick with it for 5 days and you'll take your teeth up to 8 shades whiter. At this point you'll feel like a celebrity, but we don't leave you hanging there: you'll also get a six-month supply of our aftercare to maintain that glowing grin of yours, plus a travel case to take it on-the-go. The Advanced Home Whitening Kit is sensitivity-free, enamel-safe and includes the SunnaSmile Professional Strength Xyliprox gel and light. You can use the kit on it's own at home preferably while you watch Netflix.

HOW TO USE:

SunnaSmile is a 20 minute whitening routine. Whether it's using us everyday to help achieve your desired whiteness level or every 1-2 weeks to maintain your perfect white smile. SunnaSmile is customizable to your individual needs. The gel can also be added to your toothpaste to help prevent those daily stains. Let's get your smile as bright as it should be, safely and easily.
