Set Me Toner Prep Spray

Prepare your clients' skin for the perfect tan with our Set Me spray.

DESCRIPTION:

This specially formulated solution balances the skin, removing excess oils and creates a pH-balanced environment that promotes smooth tan application and development. Additionally, the Set Me spray effectively removes sweat, oils, and makeup, making it an essential product for every client. Elevate your tanning experience with this versatile toner and ensure a flawless and long-lasting tan for your clients.

HOW TO USE:

Using SunnaTan Prep Spray - Set Me is easy. Simply spray it all over your client's skin, and then have them wipe it off with a paper towel or clean towel. You'll be amazed at how much smoother and more even your clients' tan will be with just this one simple step.
