Whitening Toothpaste: Cocomint

Looking for a way to brighten up your smile without any harsh chemicals? SunnaSmile's all natural whitening toothpaste is the perfect solution!

DESCRIPTION:

Our self-adjusting perlite technology gently removes surface stains and polishes your teeth to perfection, without causing any damage to your tooth structure or soft tissues. Plus, our toothpaste is packed with natural ingredients that are great for your overall dental health. Coconut oil fights against harmful bacteria that cause bad breath, while sea salt promotes saliva and creates an antibacterial barrier to protect your enamel. And with our mint oils, your mouth will feel fresh and clean, just like you've stepped out of the dentist's chair. For best results, pair it with SunnaSmile's mouthwash and get ready to show off your dazzling smile!

HOW TO USE:

Twist off cap to remove foil seal. Do not use if safety seal is missing or broken. Adults and children 6 years of age and older: brush teeth for 2 minutes, preferably after each meal or at least twice a day, or as directed by your dentist. Designed to naturally whiten, polish teeth, remove plaque, and freshen breath.

KEY INGREDIENTS:

SELF ADJUSTING PERLITE: Safely removes surface stains and polishes teeth without causing damage to the tooth structure or soft tissues.
