

# DOUBLE DARK COCONUT CREAM™

A darkness that demands attention; evoke never-ending waves of color and lush coconut that can't be ignored. This 400x bronzer is crafted in small batches with natural, intensely-dark bronzing ingredients, until it is worthy of the title "Double Dark". We then add absurd amounts of creamy coconut and dark chocolate extract for conditioning that leaves your skin in a state of complete bliss.

Enjoy!

- 400x Black Bronzers are artisan crafted for an elite glow & darkest tan yet.
- Black Chocolate & Argan extracts nourish with potent antioxidants.
- Quadruple Coconut Cocktail & Max Silicones melt into skin for astonishing softness.
