

PRIME PH BALANCING PREP SPRAY

Get ready to glow! Prepare the skin for a sunless spray session with **Ultra Vivid™ Prime Solution**. Formulated with proprietary ingredients to equalize the skin's pH levels, boost amino acid levels, and virtually eliminate common sunless odor.

Prime is the ideal pre-sunless solution for clients that desire optimal sunless results.

1 OPTIMAL SUNLESS RESULTS

Developed with proprietary ingredients to balance skin pH levels, boost amino acid levels, and virtually eliminate common sunless odor.

2 TIPS & TRICKS

- Concentrated formula results in less volume per session.
- Reduced volume equals less overspray & clean-up.

3 SPRAY BRONZE, GO GREEN

Innovative Bag In Box design allows for recycling opportunities.
