

versaspa®

RestoreTan Body Self-Tan Stretch Mark Healing Mousse

2-Part clinical strength
anti-stretch mark treatment
with a glow

Key Ingredients:

Regestril™ - clinically proven to prevent and reduce stretch marks by slowing down tissue degradation and promotes regeneration of extracellular matrix

Darutoside - clinically proven to reduce redness, decrease width and length of stretch marks and improves smoothness of skin

RetiSTAR® Retinol - helps improve skin clarity and appearance, skin plumpness, elasticity, and hydration while fighting signs of aging

Shea Butter - helps diminish appearance of stretch marks and scar tissue, hydrates and calms the skin

Natural DHA & Erythrulose - develops a lasting glow

RestoreTan fades the appearance of stretch marks, reduces inflammation caused by stress on the skin, and helps prevent future stretch marks, all while building a radiant glow.

SIZE 6.7 fl.oz. / 200 mL **MSRP** \$80

Shake well. Apply generously morning and night over entire body in a smooth, circular motion. Wash hands directly after use. Allow 4-8 hours before getting wet.
