

**Eye Candy™**  
Reusable UV Protective Eye Wear

**SALES FACT SHEET**

**Story**

Eyewear is designed to protect your eyes from damage from ultraviolet rays emitted by sun tanning lamps.

**Inspiration/Rationale**

- For Indoor or Outdoor Tanning
- FDA Compliant Eyewear
- Comfortable – Conveniently comes with or without use of the strap
- Completely Sanitary
- Blocks UV Rays
- No Tan Lines

**How to Use**

- Unknot elastic string and tie a knot at one end. Snap string into one of the eyewear slits with knot toward the front of the eyewear.
- Place eyewear over eyes and wrap a string around head, snapping the string into the other slit.
- Tighten string so that no stray light is visible from edges of eyewear, then tie a knot and trim off excess string.

Also available in black, purple and green.

**Product Type**

- Reusable UV Protective Eyewear

**Brand Family:** Australian Gold®

**Size and MSRP**

- Dependent on bulk order
